How your policy works

Male Age 60, 60 year-old Male in Pennsylvania with a "Standard" underwriting class and 4-year minimum LTC duration

In-home care

If you prefer to have assistance in your home

Assisted living

If you choose to downsize and prefer a social atmosphere

Alternative care services¹

For care needs not covered by traditional services or options that may evolve in the future

Respite care

Lets you access short-term services to relieve your primary caregiver

Caregiver training and care planning services²

Lets you further customize your plan

Nursing home

If you need more skilled care services

Additional care options include non-continual services, adult day care, hospice and bed reservation.

Most long-term care needs do not relate to medical care aid, but rather assistance with the Activities of Daily Living (ADL):

8

Eating

Dressing

Bathing

Toileting

Transferring

Continence

Long-term care solutions help cover expenses if you lose the ability to independently perform at least two Activities of Daily Living for at least 90 days, or if you require substantial supervision due to severe cognitive impairment.

Keep in mind that long-term care events happen to loved ones, not just a person. Take control, protect your legacy, and build tax efficiency into your portfolio.

^{1.} Qualified long-term care services that are not covered under any other provision but are prescribed in the care plan that a licensed health care practitioner and Lincoln mutually agree are appropriate to meet the insured's long-term care needs, could be considered for reimbursement. These services must be provided as an alternative to services otherwise covered.

2. Lifetime caregiver training benefit limit is \$500.

Tax status

Male Age 60, 60 year-old Male in Pennsylvania with a "Standard" underwriting class and 4-year minimum LTC duration

The MoneyGuard Fixed Advantage® Death Benefit is generally received by the beneficiary income tax-free under Section 101(a) (1) of the Internal Revenue Code (IRC) and the Long-Term Care benefits paid are not includable in the policy owner's gross income under IRC Section 104(a) (3). While the policy is in-force, the interest earnings credited to the policy's Gross Cash Value are not includable in the owner's gross income.

Based on our understanding of applicable law, the projected policy is a Modified Endowment Contract (MEC) as defined in IRC Section 7702A. Distributions from a MEC may be subject to income tax, and an additional 10% federal income tax penalty applies to taxable distributions received before the policy owner reaches age 59 1/2.

The Pension Protection Act of 2006 (PPA) changed the tax treatment of your *MoneyGuard*® policy effective January 1, 2010. Based on our understanding and analysis of the PPA:

- Qualified Long-Term Care Rider charges will continue to be treated as distributions from your policy, but Lincoln will not report the distributions as taxable (even if your policy is a MEC).
- Qualified Long-Term Care Rider charges will reduce the investment in the contract (cost basis), but not below zero, as the charges are taken from your policy.
- Once the investment in the contract has been reduced to zero, distributions for Qualified Long-Term Care Rider charges will come from any gain in the contract (but will still not be reported as taxable distributions). You will receive a 1099-R form for the charges, but the charges are not reported as taxable.

Licensed Agent/Representative Signature

Please note that the state income tax laws in certain states may not conform to the federal income tax treatment of the Qualified Long-Term Care Rider charges described above. In such states, the charges may be treated as taxable distributions from the policy for state income tax purposes. However, the federal income tax treatment described above will continue to apply to such charges.

It is important to remember that these rider charges now and in the future impact the policy's investment in the contract. In the event any other financial transaction is requested, the investment in the contract is used in determining if that transaction creates a taxable event. As previously noted, the investment in the contract is reduced as a result of these rider charges. The full surrender of the policy may result in a taxable event and the owner should consult his/her personal tax professional regarding this and other applicable tax matters.

Lincoln Financial Group[®] affiliates, their distributors, and their respective employees, representatives and/or insurance agents do not provide tax, accounting or legal advice. Clients should consult their own independent professional as to any tax, accounting or legal statements made herein.

This projection of values is neither a contract nor an offer to contract. A full description of the policy provisions and limitations is included in the policy itself and any applicable riders.

Date

Policy features, benefits and definitions

Male Age 60, 60 year-old Male in Pennsylvania with a "Standard" underwriting class and 4-year minimum LTC duration

Year

The policy year beginning with the effective date of the policy.

Age

The insured's age at the beginning of the policy year shown.

Benefit Transfer Rider

Provides for the potential to add benefits for this policy using Death Claim dollars from a different policy. Also allows for the Death Claim dollars from this policy to add additional benefits on a different policy. In order to utilize this feature, both policies must include the Benefit Transfer Rider, in addition to insured and beneficiary designations aligning between the two policies.

Flex Care Cash

Provides receipt-free cash for care needs. Up to 50% of the maximum daily LTC benefit is available. Benefit is available until specified amount is reduced to \$0 due to claims, withdrawals or reductions. Please see the policy for more information.

No-lapse Guarantee

This feature guarantees that your policy will not lapse if the no-lapse premium test is satisfied. The no-lapse guarantee is provided through the Value Protection Endorsement (VPE).

Specified Amount of Death Benefit

The minimum amount of death benefit and the basis of the LTCBR and Endorsement benefits. Long-term care reimbursements reduce the Specified Amount of death benefit on a dollar-for-dollar basis.

Residual Death Benefit

Death Benefit paid after benefits have been exhausted as defined in your policy.

Internal Rate of Return

The Internal Rate of Return is the rate at which outlays (premiums) up to that year must be compounded each year to generate the death benefit or LTC benefits shown. For this calculation, all outlays are assumed to occur at the beginning of the year with the death benefit or LTC benefits occurring at the end of the year.

Benefit eligibility

When you contact our claims department to file a claim, we will request an assessment to be performed by a licensed health care practitioner to determine your benefit eligibility. If we provide the assessor, it will be provided at our expense. We may also choose to accept the assessment of your licensed health care practitioner. To be eligible for benefits, the licensed health care practitioner who performs the assessment must certify that you are chronically ill and unable to perform at least two activities of daily living (bathing, continence, dressing, eating, toileting, and transferring) for at least 90 days.

You are also considered chronically ill if you require substantial supervision to protect you from threats to health and safety caused by severe cognitive impairment. Recertification of your benefit eligibility is required at least annually.

What care costs

Male Age 60, 60 year-old Male in Pennsylvania with a "Standard" underwriting class and 4-year minimum LTC duration

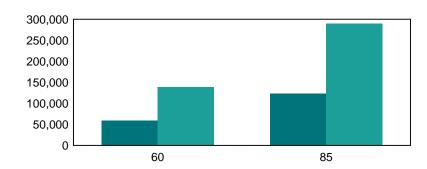

A look at the cost of long-term care services in Pennsylvania

The cost of long-term care services is an important variable in determining your planning needs.

Below we show the current average costs for care in your state for

- 1) 40 hours per week of home health care by a Home Health Aide, and
- 2) a private room in a nursing home.

It is vital to note that long-term care costs are highly variable within a region, state, or even a city. We also show an estimate of the projected costs in 25 years, based on an assumed inflation rate of 3.00%.1

		Annual	Monthly
Home Health Care ²	Age 60	\$58,864	\$4,905
	Age 85	\$123,248	\$10,270
Nursing Home ²	Age 60	\$138,543	\$11,545
	Age 85	\$290,078	\$24,173

Your LTC benefit limits

Below are amounts available to reimburse for qualified long-term care expenses when your policy is issued, and at age 85. Amounts are based on your policy assumptions shown above, and assume you pay all premiums of \$104,563 as planned, with no loans or withdrawals. Total LTC Payout is based on the Minimum LTC Duration purchased.

LTC Benefit Limit	Age 60 Age 85	\$251,018 \$525,575
Maximum Monthly LTC	Age 60	\$5,000
Benefit	Age 85	\$10,469

Planning Ahead

It's important to understand how much your long-term care planning will cover if and when the need arises. Review your information with your financial professional and determine what your income is projected to be at age 85. Discuss your specific needs, expectations and preferences with your financial professional. Based on your situation, factoring in the information provided above, determine what your estimated long-term care costs might be, and discuss if you have the coverage you need. Amounts shown are estimates based on the assumptions shown, and are not guaranteed. Projected costs and inflation rates vary by state, region, and may be impacted by other factors. Actual costs may be more or less than those shown.

Renewability, Termination and Cancelability

The LTCBR is non-cancelable. This means you have the right, subject to the terms of your policy and rider, to continue this rider as long as your policy stays in force. The Lincoln National Life Insurance Company cannot change any of the terms of your policy and rider on its own and cannot increase the monthly rider charge.

Pre-Existing Conditions

We will not deny benefits for pre-existing conditions. This does not preclude us from exercising other remedies available at law, in equity or in contract because of misrepresentations. A pre-existing condition is a condition of the insured for which medical advice or treatment was discussed with, recommended by, or received from, any provider of health, psychological or other care services within 6 months preceding the issue date.

Reductions

Partial surrenders and decreases to the specified amount, will reduce the LTCBR benefit limit. Any reduction in the LTCBR benefit limit will reduce the LTCBR maximum monthly benefit proportionately. If there is debt on the policy, any benefit paid under this rider will first be used to repay a portion of the outstanding debt.

Tax Qualification

This policy is intended to qualify as life insurance under the Internal Revenue Code. The death benefit provided by this policy is intended to qualify for the Federal Income Tax exclusion. The LTCBR is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986, as amended.

Elimination Period and Grace Period

There is no waiting period once the policyowner has qualified for benefits. If your policy enters a grace period, we will allow 61 days to pay a premium sufficient to prevent your policy from lapsing.

Renewability, Termination and Cancelability

The LTCBR is non-cancelable. This means you have the right, subject to the terms of your policy and rider, to continue this rider as long as your policy stays in force. The Lincoln National Life Insurance Company cannot change any of the terms of your policy and rider on its own and cannot increase the monthly rider charge.

Pre-Existing Conditions

We will not deny benefits for pre-existing conditions. This does not preclude us from exercising other remedies available at law, in equity or in contract because of misrepresentations. A pre-existing condition is a condition of the insured for which medical advice or treatment was discussed with, recommended by, or received from, any provider of health, psychological or other care services within 6 months preceding the issue date.

Reductions

Partial surrenders and decreases to the specified amount, will reduce the LTCBR benefit limit. Any reduction in the LTCBR benefit limit will reduce the LTCBR maximum monthly benefit proportionately. If there is debt on the policy, any benefit paid under this rider will first be used to repay a portion of the outstanding debt.

Tax Qualification

This policy is intended to qualify as life insurance under the Internal Revenue Code. The death benefit provided by this policy is intended to qualify for the Federal Income Tax exclusion. The LTCBR is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986, as amended.

Elimination Period and Grace Period

There is no waiting period once the policyowner has qualified for benefits. If your policy enters a grace period, we will allow 61 days to pay a premium sufficient to prevent your policy from lapsing.

A pre-existing condition is a condition of the insured for which medical advice or treatment was discussed with, recommended by, or received from, any provider of health, psychological or other care services within 6 months preceding the issue date.

Reductions

Partial surrenders and decreases to the specified amount, will reduce the LTCBR benefit limit. Any reduction in the LTCBR benefit limit will reduce the LTCBR maximum monthly benefit proportionately. If there is debt on the policy, any benefit paid under this rider will first be used to repay a portion of the outstanding debt.

Tax Qualification

This policy is intended to qualify as life insurance under the Internal Revenue Code. The death benefit provided by this policy is intended to qualify for the Federal Income Tax exclusion. The LTCBR is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986, as amended.

Elimination Period and Grace Period

There is no waiting period once the policyowner has qualified for benefits. If your policy enters a grace period, we will allow 61 days to pay a premium sufficient to prevent your policy from lapsing.
